**Two resolutions**

At the end of the two days of work, the Council adopted the following resolution unanimously:  
*Convinced that it is correct to provide citizens of member countries the necessary guarantees of respect for the private lives and to participants in the economy safety for their transactions,  
 Determined to increase the activity of their members by offering them sustainable economic growth,*

John Marston, president de la – President of the – High court enforcement officers association

*Securing for member States the legal security that a top-quality professional legal officer provides,  
 Commit themselves resolutely to the business of debt collection and intend to promote the establishment of a multinational debt collection network.*  
 This resolution confirmed the resolution voted on 3 March 2005 during the conference of chairmen in Paris.

*The Chairmen here present a mandate to the UIHJ office to closely follow the changes in European legal texts, to draft comments that are required in the strict defence of the interests of the profession, and if circumstances warrant, to keep them informed, especially through extraordinary meetings. 3 March 200.*

The participants will long remember this Council, which was superbly organised by the Portuguese Camara des solicitadores and its chairman Antonio Da Cunha. The closing evening will remain as a magical moment during which more than 150 people were together and that the language barrier did not separate.

Thanks to Jose Resende for initiating this event and to chairmen Da Cunha and Veira for making it happen.

Thanks also to the *solicitadores* and see you soon in Lisbon or elsewhere in Portugal.

XIXe Congrès de l'UIH – 26/28 avril 2006

... Avec une conférence mondiale sur le thème « l'harmonisation des procédures d'exécution dan un espace de justice sans frontière ».

Après Montréal, il y a quelques années, le congrès de l'UIHJ traversera l'Atlantique pour échouer sur le sol américain.

Pour la première fois les Etats-Unis et les process servers accueilleront une manifestation de l'Union. Il s'agira du XIXe congrès.

Le thème de ce congrès centré sur l'étude du code judiciaire mondial – ouvrage quasiment inconnu mais pourtant réel- autant que l'attrait de Washington seront de puissants motifs d'incitation pour se rendre à Washington et visiter ensuite, pour ceux qui le désirent, cette ville aux mille facettes qu'est New-York. A noter que l'UIHJ a déjà pu obtenir des prix modérés pour les chambres d'hôtel. Pour tous renseignements s'adresser au secrétariat de l'Union.

XIXth Conference of the UIHJ – 26-28 April 2006

With a world conference on the topic "harmonisation of enforcement procedures in a legal area without borders"

After Montreal several years ago, the UIHJ Conference will cross the Atlantic to land on American soil.

For the first time the United States and the process servers will host a UIHJ event. This will be the XIXth Conference.

The theme of this conference will centre on the study of a world legal code - a little known but nonetheless important work. It is as much of an incentive to go to Washington as the city itself, and then, for those who want to, visit the many-sided city of New York. Note that UIHJ has been able to get modestly priced hotel rooms.

Contact the UIHJ secretariat for information.
